DO THE TUTORIAL LEVEL

-
- Get Obsidian installed on your machine
 - Get my demo vault unzipped on your machine
 - Get your Github account sorted out this week
 - Get your Hypothes.is account sorted out this week
 - Get Zotero installed on your machine
 - Any public-facing work can be done under a pseudonym as long as you tell me who you are!

This is a digital history class.

There will be digital tools to install and use.
