- Get Obsidian installed on your machine
- Get my demo vault unzipped on your machine
- Get your Github account sorted out this week
- Get your Hypothes.is account sorted out this week
- Get Zotero installed on your machine
- Any public-facing work can be done under a pseudonym as long as you tell me who you are!

This is a digital history class.

There will be digital tools to install and use.

- shawn.graham@carleton.ca

  - Email at any time is fine; I'm *very* online

  - How to email a prof:

    Dear Dr Graham

    <who you are>

    <what the issue is>

    <your availability in the following week for a zoom meeting>

    Thank you,

    Your name

- I can also be reached through our class Discord

- Your TAs can be reached there as well

- My office is PA406 but I'm rarely there

- My student hours are on Monday & Wednesday mornings

How To Contact Me and Achieve an Effective Response
